

# Summary of Registration and League Sign-Up Changes for 2025-26 Curling Season

Truro Curling Club  
25 March 2025

Based on the results from two membership surveys conducted this season, these are the changes to registration and leagues that the Board is implementing for the upcoming curling season.

**Registration** will begin on Monday, September 1, 2025 as per TCC Policy. Registration is limited to existing members only from September 1- September 14. Registration will open to new members on September 15.

## Evening Leagues

- All evening leagues will be capped at 22 teams per league. There will be no Friday evening overflow games from other leagues.
- Any league that is filled to the 22 team capacity will have 2 byes per season.
- All evening leagues (except Wednesday Competitive) will require that all four team members are personally registered within the first 88 members registering for that league for the team to remain together as a team.

## Adult Learn to Curl Program

- The Adult Learn to Curl program is moving to Sunday evenings next season. The capacity for the Learn to Curl program will remain at 24 individuals.

## New Sunday Evening League

- There will be a **new** Sunday evening league next season that will run alongside the Learn to Curl program. This league will be capped at 16 teams to accommodate the incorporation of the Learn to Curl teams in the second half of the season.

## Wednesday Evening Leagues

- From September 1- September 14, there will be 12 team spots reserved in the competitive league and 8 team spots reserved in the recreational league.
- After September 15, teams will be generated from the first 88 registered members for either league on that night. The League Chair will endeavour to keep teams as they have been requested, but will be required to use registered members only.

- Since the Wednesday Competitive League is team sign-up only, teams will require that three team members are personally registered to hold a spot in the league between September 1- September 14. On September 15, all positions are on a first come, first served basis. Those members who have registered within the first 88 members registering for the league whose teammates have not will be offered positions on unfilled teams.
- If a teammate registers for the Wednesday Competitive League after the first 88 members for that league, and is still within the September 1-September 14 registration window, that teammate will be placed on their desired team if they have been listed by the other three team members. On September 15, all team positions are on a first come, first served basis.

**Members who are not able to register in their desired league can contact the League Chairs to ask which leagues still have availability.**

**Make sure you and your desired teammates are all personally registered early to get into your desired league!**
